PROFILE

An Advanced Diploma in ICT graduate specializing in application development within the IT field, actively seeking for a junior software developer role to enhance my professional growth and contribute to your team's goals and company's vision. I bring a strong background in software development, supported by one year as a system developer and six months as a data analyst. Currently, I am further honing my technical skills through UVU Africa's 18-month Software Development Program.

SKILLS

- HTML and CSS
- JavaScript
- React js
